data meets fantasy

Produced by Clou

SPEK

Concept:

We see through an angle of vision.
Images are projected through an angle of light.
3 projectors counter pointed create a triangular space.
To enter a triangular space.
To enter the game.
A space to chill out.
A space to discover territories.
A new cosmos created with landscapes.
Architectures of new advanced geologies.
Have you been there?
Performers living the space.
3 new realities:
Magic-Architecture-Sport.
That's entertainment.
Have you seen it?
3 new sensibilities:
magnetic fields as interface,
Interactive landscapes to play with
and a meta reality life event

Spek chair

2 escenarios = 2 realidades

2 realidades = arquitectura y escenografía

Se presentan cohabitando el data y la acción.

arquitectura y escenografía = mundo dual = paisajes tectónicos y paisajes antigraavitatorios.

Pantallas de retroproyección de 550x220cm, campos de presencia interactivos.

paisaje pasivo o paisaje activo = noarquitectura o arquitectura emergente

La arquitectura de cloud9 se presenta y se produce en tiempo real con la acción del visitante. En simultaneidad, si eres hombre/mujer de acción crearás. Just do it.

= gran conclusión:

quizas los juegos sean muy serios,
quizas si juegas encuentres algo,
quizas todos seamos Julio Verne.

Please enter the game.
